LICENSE TERMS FOR JACK HENRY/ENTERPRISE PAYMENT SOLUTIONS WHITE LABEL MATERIALS

Jack Henry & Associates, Inc., acting through its ProfitStars division ("JHA"), by providing documentation to you the licensee ("You") for private labeling (the "Materials"), grants a limited license (the "License") to You to publish and distribute the Materials under Your private label, solely in connection with Your promotion, marketing, and support to Your customers of the applicable JHA solutions purchased and/or licensed by You from JHA. Your use of the Materials indicates your acceptance of the terms of this License.

This License does not convey any rights to alter the content of the Materials other than to apply Your private labels.

The Materials covered by this License include only items that are provided to You in a word processing format appropriate for revision; such items do not include files provided in the secured portable document format (PDF). All other documentation and materials provided to You by JHA are not covered by this License and may not be altered or privately labeled by You without JHA’s prior written permission.

JHA retains all ownership rights to the Materials, including, but not limited to, in accordance with U.S. Code Title 17—Copyrights. Accordingly, You have no rights with regard to the Materials other than those rights specifically granted to You under this License. Without limiting the generality of the foregoing, JHA reserves the right to:

(a) require You to cease publication, distribution, and use of any Materials that JHA determines in its sole discretion can no longer be used due to content-related issues, including, but not limited to, outdated and inaccurate content;

(b) create new versions of the Materials and require You to replace prior versions of the Materials with the new versions;

(c) create derivatives of, or new versions of, the Materials without Your private labels for publication elsewhere without notifying You or obtaining Your permission; and

(d) monitor Your publication, distribution, and use of the Materials for compliance with the terms of this License, and take any action deemed necessary by JHA in its sole discretion to stop and/or remedy any conduct by You that violates the terms of this License, including, but not limited to, revoking the rights granted herein.

Nothing contained herein shall be construed as creating any agency, legal representative, partnership, or other form of joint enterprise between You and JHA, and neither You nor JHA shall have the authority to contract for or bind the other in any matter.

JHA warrants that it owns all copyright and other proprietary rights to the Materials, that JHA is authorized to grant the rights granted to You under this License. EXCEPT FOR THE FOREGOING WARRANTIES, JHA MAKES NO OTHER REPRESENTATIONS OR WARRANTIES OF ANY KIND, NATURE, OR DESCRIPTION, EXPRESS OR IMPLIED, WITH RESPECT TO THE MATERIALS, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OR AS TO THE RESULTS TO BE OBTAINED BY YOU AS A RESULT OF YOUR USE OF THE MATERIALS IN YOUR BUSINESS, AND JHA HEREBY DISCLAIMS THE SAME.

The terms of this License apply to all Materials in Your possession or control now and in the future.
Remote Deposit Complete (RDC) Troubleshooting Handout

This document can be utilized as a reference for common batch troubleshooting issues.

Amount Does Not Appear

If values do not immediately appear in the Amount Column, select the Refresh option.

<table>
<thead>
<tr>

Item Needs to Be Rescanned

An item that needs to be rescanned is indicated by a red circle arrow (shown in first graphic below). To rescan an item, select Rescan to the right of the item (shown in the second graphic below). When the rescan window appears, place the check in the scanner, and select the Rescan option in the window. The check will scan and replace the original image.

Item Needs to Be Edited/Deleted

To edit the data entry information of an item (not the amount or MICR line), click the pencil on the item line (show in first graphic below).

To delete an item, click delete on the item line (shown in first graphic below). You have the option to delete the item and reduce the total amount entered by the amount of the item you are deleting, or you can delete the item and not adjust the control amount (show in second graphic below).

Item Status

To find the status of a batch/items in a batch, click the Reports tab, and select Deposit Results. Select the location the deposit was created for and the date range, and then click Get Deposits. There are seven different statuses that you might see:

1. Deposited- Your deposit is complete and in the approved status on the Dashboard tab.
2. Deleted- You have deleted the deposit, and no items from the deposit will be processed.
3. Partial Deposit- The amount you entered does not match the amount to be deposited. This difference is due to remove of an item(s) from the deposit or an additional error.
4. Rejected- The entire batch was rejected. You will need to determine the reason for the reject and possibly rescan the batch.
5. Submitted- The batch has been submitted, and the Key & Balancing team is working to key or balance the batch. Once this is complete, you will receive an email notification (if you are set up for notifications).
6. Open for scanning- The batch has not been successfully closed, you will need to select the Transactions tab, then the enabled product name and close out the batch.
7. Deposited with Adjustments- One or more of the items within the batch caused an adjustment to the total deposit amount.
To see the status of each item in the batch, you can click  in the Item Details column. To see specific details about the batch, click  under Deposit Details.

**Handling Duplicate Items**

If a batch has duplicate items, you can view a report that shows why an item was determined to be a duplicate and when the “original” was presented to the system. To detect duplicates, the system compares the MICR line, including the Routing Number, Account Number, and Check Number. In addition, the **Transaction Number** field value may cause an item to be rejected as a duplicate. This value should not be entered manually since the system automatically generates a unique number. The EPS duplicate table is 75 days.

1. To view the report, go to the **Reports** tab, and select the report titled *Show Items Detected as Duplicate Transactions*.

2. Select your location and your date range, and then click **Show Items Detected as Duplicate Transactions**. In the **Reason for Duplicate** column, you will see why the item was called a duplicate. To see the details of the original transaction, choose the value in the **Original Reference Number** column.

**Determining Why a Batch Rejected**

There are multiple reasons why a batch will reject. To determine, pull the **Deposit Results Report**, and then click  under **Deposit Details** of the batch that rejected. The details will include a reason for the reject.
Determining Why an Item Rejected

There is also multiple reasons why a single item will reject in a batch. To determine, pull the Deposit Results Report, and then click under Item Details of the batch with rejected item(s). Find the item that rejected and click under Item Details again. This will bring you to the Batch Item Details page, select Show Events on the right and the details will include a reason for the item reject.

Voiding Transactions

You may need to void a transaction that has been made, this can only be done when a deposit has been created and is in the Approved status on the Current Transaction Summary Screen. Recall that an approved transaction will move to the Processed status at your cut off time.

1. Log in to SPB, select the Approved status.
2. A report with all Approved transactions generates. Notice the indication, Approved, in the Status column. Select View to the left of the transaction you wish to void.
3. The Transactions Details page appears. Select Actions | Void.
4. The system will ask you to confirm voiding the transaction. Select Void. The transactions will be voided and appear in the Voided status on the Current Transactions Summary screen.
5. Once an item is voided, it cannot be undone.
**Editing Transaction Amounts**

If an item is read for an incorrect amount you can edit the transaction amount. This can only be done when a deposit has been created and is in the *Approved* status on the *Current Transaction Summary* Screen. Recall that an approved transaction will move to the *Processed* status at your cut off time.

1. Log in to SPB, select the *Approved* status.
2. A report with all Approved transactions generates. Notice the indication, *Approved*, in the *Status* column. Select 📊 View to the left of the transaction you wish to void.
3. The *Transactions Details* page appears. Select 🖋 Edit to the left of Sale.
4. The *Sale* amount will become a workable field where you can enter a new amount. Enter a new amount and a reason for changing the amount.
5. Select ✔️ to save or ✗ to cancel the edit.
